**PETITION IN SUPPORT OF SAFE COLLEGE CLASSROOMS AND AUTHORIZATION FOR CONSUMER ATTORNEYS OF CALIFORNIA (CAOC) TO FILE AN AMICUS CURIEA BRIEF ON OUR BEHALF**

(No. B259424 – Regents of the University of California et al. v. Superior Court of Los Angeles)

To the Justices of the Court of Appeal of the State of California, Second Appellate District, Division Seven:

We are the current and former students, the parents of current and former students, and/or faculty members of the following colleges/universities and/or members of the following organizations, and we state the following:

- 1) We are appalled to hear that the Regents of the University of California, California Community Colleges, California Institute of Technology, California State University, Chapman University, Claremont McKenna College, Pepperdine University, Pitzer College, Pomona College, Stanford University, and the University of Southern California have claimed that colleges and universities do not have a duty to protect their students from foreseeable violence from other students in their classrooms or on their campuses;
- 2) We believe that such colleges and universities do have such a duty, and we do not want other needless, preventable acts of violence to occur in college and university classrooms or on their campuses because of those institutions' failure to perform any type of threat assessment of troubled students known by them to pose danger to other students;
- 3) We authorize the Consumer Attorneys of California (CAOC) to file an Amicus Curiea Brief on our behalf regarding these important issues.
