The Regents of the University of California**

For the reasons given in Respondent California State University's Answer to the Brief of Amicus Curiae League of California Cities ("the League"), as well as the Respondents' Answering Briefs on the Merits, this Court should affirm the longstanding rule that a state entity pursuing its sovereign functions is not subject to municipal control, unless the appropriate state-level entity consents to such control. This Court should thus reject the League's arguments and affirm the judgment of the Court of Appeal.
