Foster Care Benefits – Two Different Programs with the Same Name

Federal AFDC-FC (or “IV-E”)

– Must meet federal eligibility criteria

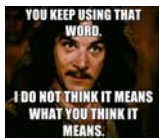

State AFDC-FC

- Available to all placements **except** relatives (this is changing!)

5

Foster Care Benefits

- Some children **in foster care** are not eligible for **foster care** benefits.
 - Youth, who are not federally eligible, placed with relatives
- Some children **who have never been in foster care** are eligible for **foster care** benefits
 - Some youth in delinquency who have never been in the dependency system
 - Youth in **non-relative** guardianships

Foster Care Benefits (AFDC-FC): Basic Eligibility (42 U.S.C. § 672; WIC § 11401)

1. Categorical requirements of the child
 - Age, residency, immigration status, deprivation
2. Conditions of removal from the home and placement into approved/licensed facility
3. Financial eligibility
 - For full set of the 1996 AFDC Regulations see <http://www.dss.cahwnet.gov/ord/PG1780.htm>

AFDC-FC (Foster Care Benefits)

- Licensed foster family home, group home, resource family approved home, or foster family agency*
- Approved home of a relative, *IF eligible for federal financial participation**
- Approved home of a nonrelative extended family member*
- Home of a non-related legal guardian
- Supervised Independent Living Settings (SILS) – over 18
 - Includes THP+FC & SILP

8

AFDC-FC: What Do They Get?

(WIC § 11461) (ACL 13-62)

- Youth who are **eligible** for AFDC-FC receive a monthly cash benefit based on:
 - **Placement:** different rates for relatives/foster homes, FFAs, Group Homes, THP-Plus Foster Care, SILPs
 - **Special needs:** specialized care increments and dual agency rates available in some types of placements
- Full scope Medi-Cal, no share of cost (Medicaid if they move out of state)
- Other funded services/allowances
 - County clothing allowance (if provided by county)
 - Infant supplement

9

Specialized Care Increments

(WIC § 11461(e))

- Specialized Care Increments: supplemental payments to foster parents for youth who have been identified as needing more intensive care than typical because of behavioral and health needs. *Rationale: SCI increments make it easier to find placements for children close to their families of origin.*
 - Specialized Care Increment (SCI) = the increment only
 - Specialized Care Rate = basic foster family home rate + increment

10

California's Specialized Care Rate "System" Is Not a System

- Not widely available: SCI only apply to a limited number of placements – county foster homes, NREFMs, NRLGs, and federally eligible children in the home of a relative
- Not standardized throughout the state: The levels of these payments vary greatly by county
- No system to track who actually receives SCI: CDSS does not have a way to accurately determine how many children in each county are receiving which kinds of payments.

UC Davis Study recommended "CDSS might consider developing a standardized statewide SCI payment system. A more uniform payment system might also include a uniform assessment system."

11

Closer Look at Specialized Care

12

 - \$1,013 (Early Start program children 0-3 not diagnosed yet)

AFDC-FC Benefits: Basic Rate by Placement (ACL 15-58)

 - Plus SCI or dual agency rate
- Foster Family Agency (FFA)
 - Between \$877 and \$1,048
 - Total rate between \$1,789 and \$2,060
- Group Home
 - Level 12 = \$8,935, Level 14 = \$10,130

Funding for Relative Placements

The Story of Naomi and Farrah

Rachel

- Aspires to be a chef.
- Has experienced severe abuse and neglect. Multiple calls made to child protective services since she was 12
- Now age 15, Naomi's grandmother has taken her in at the urging of a social worker. There is no foster care placement.

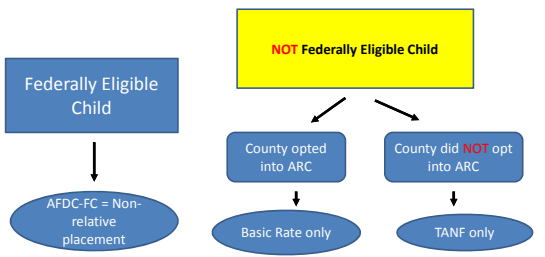

Naomi

- Aspires to be a chef.
- Has experienced severe abuse and neglect. Multiple calls made to child protective services since she was 12
- Now age 15, she is removed from her home and formally placed into foster care with a non-relative.

AFDC-FC Benefits: Basic Rate by Placement

The Fragmented Rate of Relative Placements in CA

Who is a relative?

An adult related to the child by blood, adoption, or marriage within the fifth degree of kinship. Includes:

- Mother
- Father
- Stepparents
- Siblings
- Step-Siblings
- Grandparents (great, great-great, great-great-great)
- Aunts and Uncles (great, great-great)
- First cousins
- First cousins once-removed
- Nieces and nephews
- Spouse of any relative on list (even if relative is divorced or deceased)

Everyone else is a non-relative!

Federal Foster Care Benefits: Financial Eligibility

To receive **federal** foster care benefits, the youth must meet the 1996 AFDC criteria **in the home of removal** in the month of removal or one of the six months prior to removal

- In 1996, income limit for a family of 3 to qualify for AFDC was \$723
 - o **BY CONTRAST:** The income limit for the same family to qualify for cash assistance today is \$1,257**

- **What that means:** a child can be removed from a parent receiving welfare benefits and **STILL** not qualify for federal foster care benefits

IMPORTANT: Federal test has **nothing** to do with the needs of the child or the needs of the relative where the child is placed

** California income eligibility limits. See [ACL 15-52](#).

Little Known Facts about Federal Eligibility

- Federal eligibility is a **one-time determination** done at removal
- Federal eligibility does not depend on the type of placement
 - o A youth, who is not federally eligible in a relative home, is also not federally eligible in a group home
- Eligibility for federal foster care benefits is distinct from meeting federal home approval standards
 - o A relative in California who meets federal home approval standards is still denied foster care benefits when the child does not meet the 1996 welfare standards
- o Federal eligibility has nothing to do with the home where the child is placed

Benefits to Care for Rachel and Naomi

If Rachel and Naomi are **federally eligible**, they receive the same level of support

Naomi: placed with a Non-Relative Foster Parent	\$859 (federal foster care)
Rachel: placed with Grandma	\$859 (federal foster care)

**The foster family home rates are based on a report from the Center for Public Policy Research at UC Davis that calculated the Minimum Adequate Care Rates for children in foster care

Benefits to Care for Rachel and Naomi

If Rachel and Naomi are **not federally eligible**, their caregivers receive different benefits based on whether they are related to the child

Naomi: placed with a Non-Relative Foster Parent	\$859 (state-only foster care)
Rachel: placed with Grandma	\$387 (CalWORKs aka TANF)

FACT: The CalWORKs grant for one child is equal to just 39% of the federal poverty line

NEW Approved Relative Caregiver (ARC) Funding Option Program

- County opt in program providing **basic foster care rate** to children placed with relatives who are not federally eligible.
- Does not provide SCL, dual agency rate, or infant supplement.
- For more details, see ACIN I-42-14.

The Approved Relative Caregiver Funding Option Program: General Overview

- Established in Budget Trailer Bill SB 855 (W&I Code 11461.3) signed into law by Governor Brown on June 20, 2014.
- Intended to pay approved relative caregivers of children ineligible for AFDC-FC a payment equal to the basic rate paid for other children who are AFDC-FC eligible.
- Program started January 1, 2015
- Optional for counties to participate
 - This year, Counties must opt-into the program by June 30, 2015 in order to pay retroactive benefits to January 1, 2015

Once County Has Opted In – Eligibility for ARC

Criteria for relatives to receive assistance:

1. Home must meet approval standards
2. Child placed with approved relative in California (NOTE: ARC can be paid when youth placed out of county)
3. Child must have been removed from the home and under CWS or Probation jurisdiction. Includes:
 - Youth with suitable placement orders through probation
 - Non-minor dependents
 - Youth placed through a Voluntary Placement Agreement
 - Undocumented youth
4. Child is not eligible for federal financial participation (Title IV-E benefits)

ARC Application: Relatives Must Opt to Receive ARC

- An ARC Program application must be completed for each child. If this is not done, an otherwise eligible child cannot participate in the ARC Program.
- ARC application contains questions related to CalWORKs eligibility. The CalWORKs questions do NOT factor into the child's eligibility for ARC.
- Approved relatives applying for ARC do NOT have to complete:
 - Statewide Fingerprint Imaging System (SFIS)
 - Face-to-face interview
 - Photo-image

ARC Benefit Details

- Rate is equal to the AFDC-FC basic rate paid to licensed foster families which varies by age of the child.
 - Annual adjustments are made to the basic rate January 1 each year based on changes to CNI (on a calendar year basis)
- **Not** eligible for:
 - County supplementary clothing allowances
 - Specialized care increments (SCI)
 - Infant supplements.

General Overview & Program Detail

- Relative is not eligible to receive additional CalWORKs payments on behalf of a child receiving funding under the new program
- Payment under this program is exempt as income in determining eligibility for other benefits, subject to federal law.
- Allows for the suspension of child support collections, consistent with the treatment of AFDC-FC eligible caregivers.
- Out-of-County Placements: Children placed out of county are eligible for ARC if the county of jurisdiction opted in
- Out-of-State Placements: The child must reside in CA to receive payments under the new program

Benefits to Care for Rachel and Naomi

If Rachel and Naomi are **not** federally eligible, their caregivers receive different benefits based on whether they are related to the child

Naomi: placed with a Non-Relative Foster Parent	\$859 (state-only foster care)
Rachel: placed with Grandma	\$387 (CalWORKs aka TANF) OR \$859 (ARC)

FACT: The CalWORKs grant for one child is equal to just 39% of the federal poverty line

Relatives Struggle to Support Youth with Special Needs

When relative foster parents care for youth with special needs who are **not** federally eligible, the relatives do **not** receive:

- Specialized Care Increments to provide for the special needs of the youth
- Dual Agency Rates for youth with developmental disabilities
- Infant Supplement for youth who are parenting

	Naomi (placed with non-relative)	Rachel (placed with grandma)
If the youth has severe emotional disturbance and qualifies for Specialized Care Increment in LA County	\$1,220	\$387 (CalWORKs) Or \$859 (ARC)
Youth with autism who is a regional center consumer	\$2,265 - \$3,265	\$387 (CalWORKs) \$859 (ARC)
Youth who is parenting	\$1,270	\$636 (CalWORKs) \$1,246 (ARC + CalWORKs)

Group Home vs. Foster Home Annual Costs

- Group Home Annual Costs
 - \$107,220/year for 1 youth at RCL 12 (52% of youth in group homes placed in this level)
 - \$121,560/year for 1 youth at RCL 14
- **BY CONTRAST** – it costs \$10,308/year for a 15-year old to be supported in a non-relative home or a federally-eligible relative's home
 - Relative foster parents caring for the same 15-year old who is non-federally eligible child receive a maximum of \$4,644/year

Fragmented Benefits for Relatives – Help is on the Way!

- All community placements will be Resource Family placements beginning in 2017
- All resource family placements – including relatives:
 - will need to go through the Relative Family Approval Process.
 - Will be eligible for full AFDC-FC benefits.

Group Homes for NMDs

- Decision on group home placement is to be a youth-driven, team-based case planning process
- Youth can remain in group home if under age 19 AND continuing in group home is in NMDs best interest in order to complete high school or equivalent
- Once NMD completes high school or turns 19, whichever is first, continuing in a group home is prohibited UNLESS
 - NMD has a medical or mental health condition (participation condition #5) and continuing in group home functions as a short-term placement;
 - Treatment services to alleviate the medical condition cannot be sole basis for disqualification from group home;
 - Treatment strategies should prepare NMD for discharge to a less restrictive and more family-like setting.

46

Supervised Independent Living Setting (SILS)

- SILP – Supervised Independent Living Placement
- THP+FC – Transitional Housing Program Plus **Foster Care**

SILP Overview

 - Parenting NMDs can now also receive an additional \$200 supplement if they develop a parenting support plan (WIC 11465, AB 2668)

49

SILPs With Relatives: AFDC vs. CalWORKs

- SILP can be in the home of a relative
- NMD who receives CalWORKs while placed with a relative receives AFDC-FC if they move into a SILP with that relative
 - \$387 → \$859

50

Placement with Relative vs. SILP with Relative

	Placement with Foster Parent/Relative Caregiver	SILP with a relative/former foster parent
Approval Standards	Must meet approval standards (same as licensing of FFH)	Basic health and safety standards
Benefit Available	AFDC-FC (if federally eligible) - OR - CalWORKs (if not federally eligible)	AFDC-FC (regardless of federal eligibility)
Youth with Special Needs	Dual Agency Rate or Specialized Care Increment	No specialized rates available

51

SILP Readiness Assessment

- SILP readiness is **contextual**
 - Grandma’s house vs. studio apartment vs. ART
- Example reasons for denial:
 - Rent and utilities exceed income
 - Unstable income
 - No knowledge of how to manage money
 - Unable to care for self without assistance due to a medical or mental health condition
- If NMD is not ready for a SILP, areas of improvement should be turned into goals in their TILP
- Reason for denial should be documented on the assessment and provided to NMD
- If NMD disagrees, he/she has the right to a grievance process

52

Approval of SILP Site

- SILP may **not** include living with biological parent*
- Sites are subject to health and safety inspection
 - Basic health and safety only
 - NMDs allowed to live in an unapproved SILP temporarily
 - County must inspect new SILP within 10 calendar days
- ACL 11-77 vs. ACIN I-29-13
 - ACL 11-77: County has 10 days to approve SILP to SILP placement to ensure continuity of payment
 - ACIN I-29_13: A SILP pending approval is not **federally** reimbursable
- Must be re-inspected annually

53

Transitional Housing Plus Foster Care

- Transitional housing for non-minor dependents
- Need to be licensed by CCL (ACL 12-44)
