PAPER TIGERS

MOVIE PRESENTATION

You are invited to a special screening of *Paper Tigers*, a documentary film by James Redford. *Paper Tigers* follows a year in the life of an alternative high school that has radically changed its approach to disciplining its students, becoming a promising model for how to break the cycles of poverty, violence, and disease that affect families. “Stressed brains can’t learn.” That was the nugget of neuroscience that Jim Sporleder, principal of a high school riddled with violence, drugs, and truancy, took away from an educational conference in 2010. Mr. Redford will introduce the film and lead a discussion of the issues it addresses at the conclusion of the screening.
