EXHIBIT E —ATTACHMENT 14

**CERTIFICATION OF COURT AND SUBCONTRACTOR/S COMPLIANCE
WITH FAMILY CODE SECTION 3200.5 AND STANDARD 5.20
REQUIREMENTS**

*California's Access to Visitation Grant Program—Fiscal Year 2024–25
(April 1, 2024 through March 31, 2025)*

Family Code section 3202(a) requires providers of supervised visitation and exchange services to follow the Uniform Standards of Practice for Providers of Supervised Visitation as set forth under Standard 5.20 of the California Standards of Judicial Administration.

Certification: Both the court and its subcontractors certify that any professional provider of supervised visitation under California's Access to Visitation Grant Program follows the statutory requirements under Family Code section 3200.5 and Standard 5.20 of the California Standard of Judicial Administration (Uniform Standards of Practice for Provider of Supervised Visitation). This includes certification that the professional provider meets the statutory requirements, prior to services.¹ In addition, staff working as a professional provider has signed the mandatory Judicial Council form FL-324P (*Declaration for Supervised Visitation Providers*) form, prior to services.

In addition, the court and subcontractor acknowledge that the subcontractor must maintain adequate insurance coverage and all staff working on the Access to Visitation Grant Program must complete a criminal background and fingerprinting clearance prior to working on any case. We further understand that meeting the conditions of the funder and federal and state statutory grant requirements is a prerequisite for the release of grant funds and that a violation of federal and state funding requirements can result in a range of penalties, including suspension of future funds under the grant program, suspension, or debarment from federal grants.

¹ Documentation of compliance means that the court and its subcontractor must be able to show that the individual subcontractor staff (i.e., those individuals working as professional providers of supervised visitation and being reimbursed under the grant program) meet the statutory requirements. This includes the court/subcontractor response to Access to Visitation Grant Program manager information requests regarding the court/subcontractor/s grantee compliance.
